

Beaulieu
Convent School Jersey

Welcome

At Beaulieu Convent School, we believe that a high-quality education should be within reach for every child, no matter their background or financial circumstances. We are committed to recognising potential and nurturing the unique talents of each student and we don't want financial barriers to stand in the way of a child joining our community.

Our Scholarships and Bursaries Programme is designed not only to celebrate exceptional ability but also to offer meaningful support to families who may need help making a Beaulieu education possible. We encourage all families to speak with us.

Our aim is simple: to ensure that every student who would thrive at Beaulieu has the chance to do so and to contribute to the life of the school that values inclusion, ambition, and opportunity for all.

A Beaulieu student enjoys a rare and real sense of belonging, where friendships thrive and confidence grows.

Expectations

At Beaulieu Convent School, we expect all students awarded a bursary or scholarship to actively contribute to the life of the school and embody our values of excellence, service, and community.

Recipients are seen as role models and should positively engage in both academic and extracurricular activities, representing the school's ethos. These awards are subject to regular review to ensure continued commitment to both personal development and the wider school community.

Maintaining the high standards expected is essential for the retention of bursaries and scholarships.

Bursary Process

We understand that financial barriers can prevent some families from considering an independent education. Our means-tested bursary programme is designed to provide financial assistance to those who need it, ensuring that talented students can benefit from a Beaulieu education regardless of their financial circumstances.

The bursary process begins with an application form, which can be requested from the school. Once submitted, the application is reviewed by the Scholarships and Bursaries Group, made up of members of the School Governors and the Head.

All applications are handled with the utmost care and confidentiality, and bursary decisions are made based on the individual needs and circumstances of each family.
